High-Precision Cells

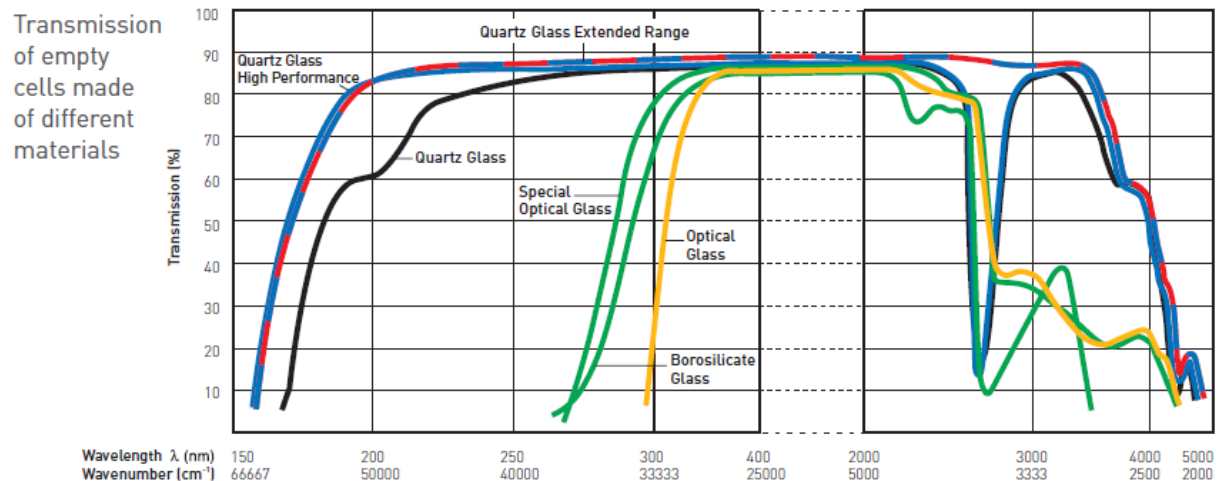

Hellma GmbH & Co. KG
79379 Müllheim / Germany
www.hellma.com

Declaration of conformity in accordance with ISO/IEC 17050-1

These cells were manufactured in Germany under **EN ISO 9001 / EN ISO 14001** certified environment and meet highest optical standards.

Test equipment is calibrated regularly using standards certified by PTB (Physikalisch Technische Bundesanstalt) and National Institute of Standards and Technology.

- The **homogeneity** of the raw material has been determined and is within specifications
- The **dimensional** and **angle tolerances** of the component parts have been tested and are within specifications.
- The **quality** of the optical surfaces has been checked and is within specifications.
- The **transmission** of the cells is within specifications.
- The **tolerance** on the cell path length satisfies the requirements of the European Pharmacopeia Chapter 2.2.25. Absorption spectrophotometry, ultraviolet and visible.

We certify that this product is found in accordance with the specifications and has been inspected and accepted.
