High-Precision Cells

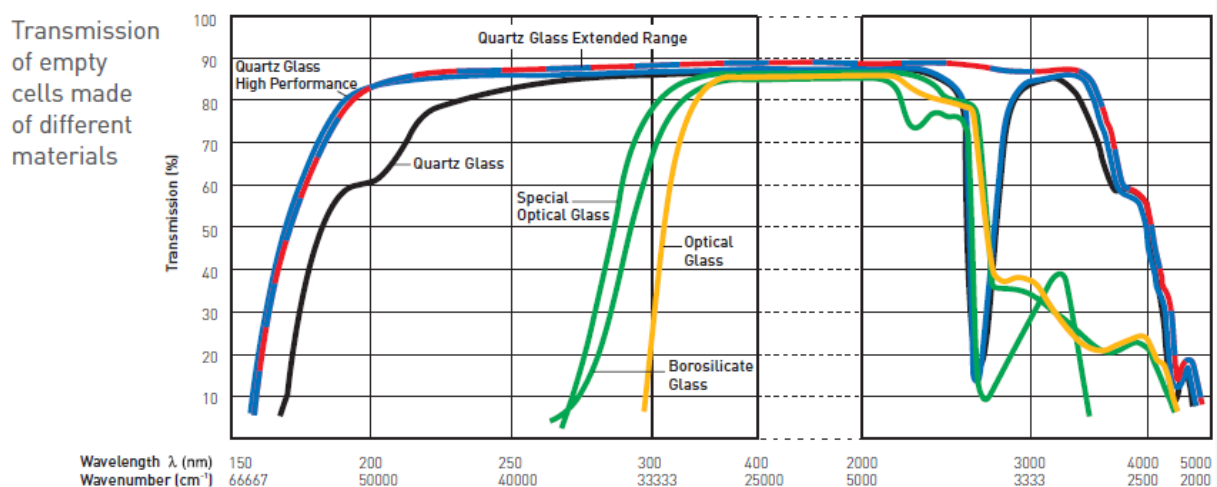

Hellma GmbH & Co. KG
79379 Müllheim / Germany
www.hellma.com

Declaration of conformity in accordance with ISO/IEC 17050-1

These cells were manufactured in Germany under **EN ISO 9001 / EN ISO 14001** certified environment and meet highest optical standards.

Test equipment is calibrated regularly using standards certified by PTB (Physikalisch Technische Bundesanstalt) and National Institute of Standards and Technology.

- The **homogeneity** of the raw material has been determined and is within specifications
- The **dimensional** and **angle tolerances** of the component parts have been tested and are within specifications.
- The **quality** of the optical surfaces has been checked and is within specifications.
- The **transmission** of the cells is within specifications.

We certify that this product is found in accordance with the specifications and has been inspected and accepted.
